May is a month of celebration of New Zealand music and the music for today's 10.00 am Choral Eucharist service reflects this. The Woodford House Director of Music, Wendy Hunt, has composed a setting for the 'Gloria'; and the Offertory Hymn was composed in 1995 by Bill Bennett (a Waiapu priest) as the Waiapu Diocesan hymn for the new millennium.

**ROSTERS** for the months of June-July-August have been emailed - printed copies are also available from the Parish Office, or on the back table of the Cathedral on Sundays. If you are unavailable on a rostered day, please arrange a swap and advise Margaret in the Office.

## SOUND SYSTEM

We have had ongoing discussions about how well the Hearing Aid Loop system is working. We have consulted the Hearing Association and, on their advice, had another technician come and check the system with specialist equipment. He reports that all is working as it should.

The Hearing Assn advises that some hearing aids have different settings for use with Loop systems; they are able to offer advice and can test hearing aids for Loop compatibility if you go in to their office in Civic Court, Dickens St ph 835 7790, no appointment necessary.

## Book Club

After discussion last week, the Book Club will meet on **Sunday 17 June** for a soup and roll lunch after church and sharing about what people have read.

## INSURANCE

### Parishes to be considered on a case-by-case basis

In light of the major increase in the cost of earthquake insurance following the Christchurch earthquakes, and the difficulty of some parishes to cope with such increases, Waiapu Diocesan Standing Committee has discussed a process to enable greater flexibility in the placing of insurance on parish assets. The Committee acknowledges that the cost of earthquake insurance on all parish assets is neither affordable nor desirable considering the precarious state of a number of parishes.

Indeed it has been indicated to Standing Committee that if there were another major earthquake event in New Zealand in the near future the availability of earthquake insurance would disappear entirely.

The Standing Committee has set up a process to individually consider applications from parishes which do not wish to take earthquake cover on their buildings. Such applications will be individually considered taking into account the nature of the buildings, their location, their necessity or other to the long term goals of the Diocese, and the capacity of the parish to pay premiums.

Standing Committee considered that the Diocese is the beneficial owner of all parish property vested in the Board, therefore any final decision on the level of insurance should be made by the Standing Committee of the Diocese, after having received a recommendation from the parish concerned. The Waiapu Board of Diocesan Trustees has been informed of Standing Committee's position.

It is hoped that the Diocese can quickly move to decide which properties should have full earthquake cover to relieve those other parishes of unnecessary and unaffordable expense.
